### WHO WE ARE

The YMCA Heritage Youth Development Center focuses on providing a nurturing, stimulating and positive first-school experience. Emphasis is placed on self-help skills and socialization. Many sensory activities are incorporated into the curriculum.

The preschool program also provides a fun way to enhance language communication skills as well as pre-reading, pre-writing and motor skills. The childcare staff provides hands-on projects and opportunities to explore arts and crafts, cooperative games, technology, dramatic play and daily literacy activities.

The YMCA is committed to providing quality care and education to all children. Based on available contributed resources, the YMCA provides financial assistance to those in need who wish to benefit from our programs. In addition, the YMCA works with state agencies that subsidize quality care and education programs.
